Twirler Hobbs Had Good Support and Pitched Well.

NORFOLK TEAM HERE TO-DAY

The Game Yesterday Was Full of Snappy Plays and Pleased Large Crowd.

Emporia made li. Hobbs do the pitching yesterday, and the box artist twisted a victory from Anthony's Brownies in one of the best games seen here for some time. Until the ninth inning there was a lingering doubt as to who would be the winner of the hot contest. There were more exciting plays and incidents in the game than has characterized any exhibition on the local diamond for several weeks. The score was 4 to 8, and the visitors had the big end,

There was nothing wrong with the rooters from either team. And other things language to make things lively. For instance, in the eighth inning, Mr. Twister Hobbs came to but first, fie didn't do a thing but paste one on the trade mark and sent it out to the tall uncut. The six feet three inches of solid manhood went around to the third sack before the bair was fielded. But then comething happened, Jis Umps called the runner out for "cutting" the initial sack. runner out for "cutting" the initial sack. Of course, there was a howl. A rooter wouldn't be entitled to his seat if he oldn't kick against such a thing. But Bender, the unpire, was firm, and his decision stuck. Then came the peculiar incident, Hill, the man who holds down the first sack, followed Hobbs, and Hill sent one out to left garden. The ball took a bad bound and before it could be returned, the batter was on third sack. He falled to put his hoof on the second sack, and was, therefore, called out. The two plays coming together raised a lot of excitement, and there was some growing, but it didn't stop the game for long. Manager Vinson ordered his men to the field and they hed the Brownies in the Manager Vinson ordered his men to the field and they held the Brownies in the last inning and made the score 4 to 3 at

How It Came About. How It Came About.

A hit, a base on balls and an error in the first inning, gave the visitors one run. In the third inning, Doak led with a single and moved up when Hicks sent one to the left garden. Watson was given transportation to first, and then H. Hobbs tore off a single. Doak scored, that the word moved up. On a general H. Hobbs tore off a single. Doak scored, and the men moved up. On a general had play, Watson came over. Hobbs was caught at the plate when Lindsay sent one to the infield. Two hits in the fourth inning netted the visitors another run, and but for a fast double between Second Baseman Eache and McEvoy on third, another run would have been made. third, another run would have been hader. This was the necessary four runs, and there was nothing else doing after that. Three hits in the third inning gave the Brownies two runs and two safe whacks in the sixth inning netted another run.

in the sixth inning netted another run.
After that it was all off.

Nunn, the man in center garden for the
visitors, pulled down several that we cabeled for the free country. ArcEvoy's
drive in the seventh inning would be
good for three sacks in four out of five
games. But Nunn pulled it away from
the fence and probably saved the game
for his mates.

NORFOLK VS. BROWNIES.

Old Rivals Meet To-day, To-morrow and Friday.
Norfolk's crack base-ball team will be here to-day for a three-days' series with Albert Anthony's Brownies. The games

Albert Anthony's Brownies. The games are due to be the best to be pulled off here this scason. When the aggregation from the City by the Sea came here some weeks ago they were given a good defeat, but when the Brownies went to Norfolk they were the ones to get the short end of the proposition. The players who went down claimed that they were robbed by the umpire.

To-day either Dick Duke or Paul Bender will do the umpiring, and they are square with every team that comes here. Each player gets all that is coming to him, and nothing more.

Charters or Fitzpatrick will likely do the pitching to-day. Fitz is just back from the Southern League, and the fans are anxious for him to do some twirling on the diamond here.

The officer summoned five men to surround the train, which they did waite he entered the chr. The negro was notified of the officer's presence by the latter's pushing his five shooter in his face and commanding him to throw face and commanding him to throw up his hands, but instead of doing this he jumped from the train which was at a stand still and ran like a deer. Ed-mondson followed, and "after several times commanding the negro to halt, and times commanding the negro to halt, and he refusing to do so he began firing at him. The officer fired five shots, two of which took effect, one in the leg and another in the back. The negro bled profusely. He was hauled to the jail from the station, where he received medical attention, and though now resting quietly, no hope is entertained of his receivery. HAMMOND TO HANG.

Governor Glenn Can See No Reason for Change of Sentence.

son for Change of Sentence.

(Special to The Times-Dispatch.)

RALEIGH, N. C., August 29.—Governor Glein, this evening declined to commute the death sentence of J. W. Hammond who will therefore be hanged at Winston September 2d, having been respited to that date two months ago. The Governor says Hammond had a fair trial, and the only question before the Governor was as to premeditation in the murder of his wife. Hammond was unquestionably jealous of his wife, whom he had married six months after his first wife's death, and they lived together unhapply, as he mistreated her.

When she left him he sout threatening messages, then he shot her, Her child fell from her arms and kried. She stopped to pick up the child, and then he shot her down, saying as she was dying; that his purpose was to kill her, and he did not resret it.

The Governor says he is certain Hammond met his wife with the deliberate purpose of forcing her to live with him, or to kill her.

Local Option Fight.

(Special to The Times-Dispatch.)

TAZEWEILL, VA., August 29.—Judge censon, sitting in Circuit Court here today, granted a petition of the citizens of Pocahontas, calling a local option election in that town. Under the law the election will have to be held between the 2d and 5th of October. The petition contained forty-seven signatures, and with the addition of others promised, it is claimed by the anti-whiskey people that the town will go dry by a good majority. The coming election is causing a good deal of excitement at Pocahontas, and the fight between the wets and drys will be fought to a bitter end.
